The Men's Center

Helping men overcome addiction through biblical discipleship, personal accountability, and a renewed relationship with Jesus Christ.

New Life Starts Here.

Students spend a year living in our program, where they learn to develop a fully surrendered relationship with God and find freedom from the grip of addiction through the transforming love of Jesus Christ. Throughout the 12-month program, students participate in daily Bible study, education, and personal growth opportunities. By stepping away from the harmful influences and environments of the past, they are given the time, support, and guidance needed to make healthy choices and build a strong foundation for a hopeful future.

The Women's Center

Helping women experience healing, restoration, and renewed confidence through the love, grace, and transforming power of Jesus Christ.

For more than fifty years, Mid-Michigan Adult & Teen Challenge has served individuals nationwide.

Transformation that Lasts.

Mid-Michigan Adult & Teen Challenge is a 12-month, Christ-centered residential ministry dedicated to helping men and women find freedom from addiction and other life-controlling issues. Since our beginning, we have provided a safe, structured, and hope-filled environment where individuals can step away from destructive patterns and begin a journey of true transformation.

Our program focuses on the whole person—mind, body, and spirit. Through biblical teaching, discipleship, counseling, work training, and a supportive community, students learn how to rebuild their lives on a foundation of faith, responsibility, and healthy relationships.

Our mission is to help individuals become mentally sound, emotionally balanced, socially adjusted, physically well, and spiritually alive. We believe real change happens from the inside out, and that lasting freedom is found through a personal relationship with Jesus Christ.

Biblical Growth

Daily Bible study, chapel services, and discipleship help students build a personal relationship with Jesus Christ.

Life Skills Training

Students develop practical skills such as goal setting, responsibility, financial stewardship, and healthy decision-making.

Work & Service

Meaningful work assignments and service projects help students build character, confidence, and a strong work ethic.

Together, We Change Lives.

Mid-Michigan Adult & Teen Challenge is not funded by the government. Instead, we are supported through private donations, community partnerships, local businesses, and churches. This allows us to keep the program affordable and focused on long-term, Christ-centered transformation. We will NEVER turn anyone away for lack of personal funds.
